IP68 waterproof T5 tubular luminaire.

- Mounting: surface or wall-mounted using stainless steel fastening brackets (to be ordered separately); connection through waterproof stuffing box or waterproof WIELAND® connector (on request)
- Lighting source: T5 fluorescent tubes
- Electrical equipment: HF electronic ballast (dimming on request)
- Housing/Optical system: sheath made of bi-material (clear/opaque) co-extruded polycarbonate (PC), thickness 2 mm; internal gear tray made of white lacquered steel sheet; end-caps made of stainless steel, with internal neoprene gasket ensuring sealing by expansion (IP68 2m)
